👤 PROFILE

A Computer Science graduate from the University of Wollongong with a solid foundation in Python, coding, and broad exposure to various branches of technology. Experienced in UI/UX design, and web development, and adept at delivering creative and functional solutions. Known for excellent communication skills and the ability to collaborate effectively within teams. Beyond the tech industry, I create YouTube videos reviewing cars, showcasing my passion for automotive trends and my ability to engage diverse audiences. Currently seeking challenging opportunities to leverage my technical expertise and expand my professional horizons in the tech industry.

💼 EXPERIENCE
